### Colorful Parade To Highlight Shrine Day

"Shrine Day" will be observed throughout Lake County and particularly in Antioch, on Saturday, August 22, when a huge parade and other festivities will be staged to honor William W. Weisenborn, Potentate of Medinah Temple and a summer resident of Loon Lake near that community for the past 30 years.

The event is being sponsored by the Antioch Chamber of Commerce, with the cooperation of the Chain O' Lakes Shrine Club and the Lake County Shrine Club. President of the former, a newly organized group, is Robert J. Flakamp of Long Lake, with Robert Wilton, Antioch, as secretary. William O. Schinning of Libertyville is president of the Lake County Shrine Club and Herbert A. Kaufman of Gurnee is its secretary.

All of Medinah's famous units are scheduled to participate in the parade, which will include many floats from Antioch and other communities. The huge 160-piece brass band, the colorful Oriental Band, Black Horse Troop, Indians, Chanters, Motor Corps, Clowns, Arab Patrol and other groups which participated last week (July 23) in the huge Shrine parade at the New York World's Fair are among them. The parade is to start at 2 p.m.

The Lions Club, Moose Club, Millburn Masonic lodge and several churches will serve meals to help feed the anticipated huge crowd. Fred Walpole of Antioch is chairman of the event, with

others on the local committee consisting of Roy Frasier, secretary; William Brook, treasurer; Howard Shepard, publicity; Thomas Haviland and Maynard Schneider, food arrangements; and John Moran, parade marshal. At its last meeting, the Antioch Council adopted this resolution: "Saturday, August 22, has been officially proclaimed 'Shrine Day.' We consider it an honor and a privilege to open our doors to such a noble group of men and their ladies. Every measure will be taken to make their stay a happy one."

It was signed by Mayor Murrill W. Cunningham and Trustees Ernest H. Glenn, H. R. Williams, Ray Toft, David H. Nissen, Einar Petersen and J. I. Walsh.

### Maxwell St. Days Start Thursday

Antioch's big sale days, Maxwell St. Days, start today (Thursday) and run through Saturday. Most of the merchants in the downtown area will take part in the sale.

Maxwell St. Days brings a carnival atmosphere to the streets, as merchants move part of their sale specials to tables on the sidewalk, with more bargain items on sale within the stores.

The sidewalk tables are wonderful spots for running into old friends, and gossiping as you view the items on display.

The sale is sponsored by the Antioch Chamber of Commerce, and has proven to be one of the most popular sales of the year. Much of the summer stock of stores will be on sale, as well as numerous special items.

Cub Scouts will have a booth dispensing hot dogs, etc., during the three-day event.

Real savings on items are being promised by merchants for the three-day event. Join the crowd, have a good time, and take advantage of some of the bargains on Thursday, Friday and Saturday, July 30, 31 and August 1.

### Antioch GOP Set Annual Golf Party

The Antioch Township Republican Club has set the date for their third annual Golf Outing and Dinner Party. This major event on the club's calendar will come alive on Wednesday, October 7, at the George Diamond Country Club, the scene of last year's successful party.

The day's activities will include day-long golfing, with prizes for top golfers, followed by a steak dinner and dancing party in the evening. Entertainment will be on top in the club house all day for non-golfers.

An invitation to attend the all day festivities, and to make the principal address has been sent to Senator Everett M. Dirksen. This will be the highlight of the affair.

There will be no other speakers, although Republican candidates will be made welcome to mingle with the assembled guests.

Because of the popularity of this event, the sale of tickets will be limited to the capacity of the George Diamond Country Club. In the light of previous experience, club officials expect a complete sell-out shortly after tickets are made available.

Loren Sexauer, Antioch realtor, who is chairman of the ticket committee, urges that prompt reservations be made to avoid disappointment.

ARNOLD SCHULMEISTER, Don Severoth and Joe Hunley (seated) read their roles in early rehearsals of "Guys and Dolls", coming Saturday and Sunday to the PM&L Theater on Main St. in Antioch.

THREE HAPPY SINNERS of the cast of "Guys and Dolls", Bob Odden, Bill Sirchon and Ken Smouse.

### PM&L Players To Present Musical This Week-End

"Guys and Dolls," the musical fable about the underworld of tinsmith gamblers and sentimental chorus-girls of New York's Times Square will be presented at the Palette, Masque & Lyre Theater on Main St. in Antioch on July 31, August 1, 7th and 8th. Curtain time is 8:30 p.m.

In the Palette, Masque & Lyre's production Wes Camp has the role of the slick braggart of a big-time gambler, Sky Masterson, and sings "My Time of Day," "I've Never Been in Love Before" and "Luck, Be a Lady."

Florence Gallagher Babusek, the former Miss Chicago of 1955-56, in the role of the winsome Salvation Army girl who falls in love with him will be singing "If I Were a Bell," "I'll Know" (When My Love Comes Along).

Dee D'Isa portrays the engagement-weary fiancée suffering from a permanent psychosomatic cold (out of a "feeling she's growing too old") and sings the famous "Adele's Lament," the satiric night-club scene numbers, "I Love You a Bushel and a Peck" and "Take Back Your Mink."

Dr. Al Bucar, as Nathan Detroit, the harried dice-game entrepreneur, will beat his weary, worried breast in "Sue Me?" (What Can You Do Me?), and Ken Smouse as Nicely-Nicely, will lead the sinners in their confessions and pledges to reform in the Save-a-Soul Salvation mission, with his "Sit Down, You're Rocking the Boat" number.

The production of "Guys and Dolls" at the PM&L Theater is under the general direction of Ken Smouse and Josef Hunley. George Olisar and Lucille Evanoff have been assigned to handle the drama, musical and dance direction, respectively.

Advance ticket sales for this and all future PM&L productions may be mailed to Vivian Mapletorpe, 510 Lake St., Antioch, or call 395-3613.

Tickets may be picked up at this address any time before the production. Tickets will also be available at the box office on the evening of the production.

**Antioch Girl Finalist In Queen Contest**  
Mary Jane White, 18, of Rt. 2, Box 285, Antioch, is one of the seven finalists in the Lake County Fair Queen Contest.

The seven finalists were selected Tuesday from 15 semi-finalists. The judges had chosen the 15 semi-finalists Monday from the 105 entrants in the contest.

In addition to Miss White, two other Antioch girls were among the 15 semi-finalists—Miss Joan Tanner, 16, of Box 437, Antioch, chosen Miss Lake Region Jaycees in the Antioch Festival, and Miss Sonja Elichek, 16, of 355 Depot St., runner-up in the Antioch contest.

Miss White, a graduate of Antioch High School, is spending the summer at the home of her grandmother, Mrs. Eda Boysen of 180 Homewood Ave., Libertyville. She, along with the other finalists, was introduced to Fair visitors Wednesday night. The Lake County Fair Queen will be chosen Thursday night at the Fair.

**Bus Co. Asks Hike In Fare**  
United Motor Coach Co., Des Plaines, Ill., petitioned the Illinois Commerce Commission on July 24 for its first fare increase since July of 1959. Recently completed negotiations with Local 1028 of the Amalgamated Transit Union gave operational and maintenance personnel 3 hourly increases totaling 22 cents per hour plus cost of living and other fringe benefits, retroactive to July 1, 1964 through December 31, 1966.

The new contract will increase wage costs for the next 30 months over \$144,000. After this new contract has expired, the company will continue to have a wage overhead based on this contract of over \$80,000.00 per year.

Since 1959 operating costs have risen and hourly wage increases have been given personnel without a fare increase. Regularly scheduled bus service including service to and from schools has shown a loss each year since the last fare increase in 1959, according to bus company officials.

Charter operations have been able to offset some of these losses. The company petitions the Commerce Commission to permit the fare increase to take effect on or before August 27, 1964.

Fare increases will be as follows: Adult fares—five cents one way; student fares—2½ cents one way and elimination of round trip fares.

Ten and twenty-five ride commutation tickets will continue to be offered at reductions of ten and fifteen percent respectively. Commutation tickets for the first time will be offered to riders throughout the whole system and will apply to 25 cent local fares. The present commutation ticket applies only to one way fares of 30 cents or more.

In its petition to the Commission the company stated that it cannot predict the net effect of the proposed increase upon its operations. It is the belief of the company that the proposed increase should cover at least a portion of the increased payroll and other expenses and minimize the company's losses on its scheduled operations. The petition also states that in the absence of a fare increase the losses of the company on its regularly scheduled operations will be accentuated and the overall operation of the company would be impaired.

**Little League To Serve Pancakes**  
The regular end-of-the season Pancake Breakfast, for the benefit of the Antioch Little League, will be held this Saturday, August 1, from 9 a.m. to 2 p.m., at Wesley Hall of the Antioch Methodist Church.

The boys are now in their last week of scheduled play. Next week make-up games will be played.

Proceeds of the Breakfast go to buy equipment for the ball players. Tickets may be purchased at the door or from any Little League member.

### 10th District Head Appoints New Officers

Several members of Antioch Post 748 were appointed to committees of the 10th District of the American Legion at an organizational meeting at the American Legion hall in Antioch Monday night, July 27. The appointments were made by George Swenson, Post 748, incoming Commander, 10th District.

The 10th District includes 23 posts. Each of the 23 posts had representatives present at the meeting.

Donald Gaston was appointed as a member of the publicity committee; Floyd Horton, to the committee on Graves Registration for the District; and F. A. Swenson, Service Officer of the 10th District.

**Silver Ring Given To Fireman**  
Tuesday night, at the July 28th meeting of the Antioch Fire Department, Laurel Van Patten was presented with a silver ring for 25 years of active service with the department.

Mr. Van Patten joined the Fire Department in April of 1939. His father, Llewellyn R. Van Patten, had become a member in 1913 and served 46 years with the department.

Laurel's son, Gerald L. Van Patten, became an active member of the department in 1959, the third generation of the Van Patten family to serve as a fire-fighter.

**Benefit Dance For Hospital At Fire Dept.**  
The Antioch Fire Department is sponsoring a dance to be held Saturday, August 13, for the benefit of Countryside Hospital.

Firemen pledged to finance the father's waiting room at the hospital some time ago. They have to raise about \$2,500 to fulfill their pledge. This dance is one of the events through which they hope to raise the money.

Dancing will start at 8:30 p.m. at the Fire Station. Music will be by King Jaro and his orchestra.

### X-Ray Unit Visit Re-Scheduled - Aug.

The chest x-ray unit, which was unable to keep its appointment in Antioch Tuesday afternoon, has been re-scheduled for Monday, August 17, from 2-5 p.m. and from 6-8:30 p.m.

Breakdown of the x-ray unit was the reason for the failure to keep the Antioch appointment. At first, it was hoped the technicians could get the machine working in time to take the chest pictures, but it proved impossible.

People gathered in front of Williams V & S Hardware as the 2 p.m. deadline passed, and many came into the newspaper office to find out if it would appear. No information was available at that time.

The free chest x-rays are a service of the Lake County Tuberculosis Association.

### U. S. Savings Bonds Sales Drop

Illinois residents purchased a total of \$26,744,337 in Series E & H United States Savings Bonds last month, and in the first six months of this year 51.5% of the state's annual quota of \$355,500,000 has been reached.

Illinois sales accounted for 6.9% of national sales which were \$384,000,000. Last year's Illinois sales in June were 2% above sales of the same month this year.

### Antioch Gets Real Estate Tax Bills

Residents of the Antioch area received their real estate tax bills in the mail Wednesday.

The tax bills came in to Antioch post office Wednesday morning, and were delivered the same day. Bills are being sent from the court house by township this year, for the first time. Antioch township is among the first to receive tax bills.

### What Price Clean Water?

It begins to look as though real progress may be made in the battle against pollution in the Chain O' Lakes and Fox River area.

No single area alone can make much progress in this field with rivers and lakes running into each other and surface drainage along the shores adding more fertilization to water.

A meeting of county, state and federal representatives was held at Sail Inn last week to make a start in co-ordinating work on the many problems involved. Lake, McHenry and Kenosha County have finally formed a Tri-County Committee to cooperate in trying to find ways to combat the growing undesirable conditions that are ruining the many beautiful lakes and streams throughout the three counties. State and Federal agencies are cooperating with the counties in trying to work out the problems.

It has taken many years and a steadily-growing population to get our waterways in their present unattractive algae-loaded condition, and it's obvious that there's no quick and easy solution. Even experts don't agree on all the reasons for the decline of desirable fish species, the increase in algae and carp, and the growing muddiness of waters.

Some who have studied the problem place the primary blame on enriched effluent from sewage plants, others feel that non-degradable detergents are the biggest culprit, each with dozens of other contributing factors.

At present, there really seems to be no final solution to the problems. Man, himself, with his many activities, is the basic cause. How to dispose of the waste of sewerage plants, of industries, the natural surface drainage without harming the waters—no one really seems to have the answer.

But even if no perfect answer can be found, certainly much can be done to halt the deterioration of our lakes and streams. It certainly won't be cheap—some method of further treatment of the effluent now being discharged by sewerage plants of towns and cities will have to be found. Installing the mechanism for such treatment means further expenditures for cities and they won't like it.

In the long run, though, it will be cheaper than letting our waterways go. The day is past when any part of this country can waste its resources. Let's hope that the several government agencies involved will be able to reach agreement on a workable method to alleviate the situation.

"This is the day when all the local merchants become 'gen-uine' sidewalk vendors. Patterned after the methods of 'Maxwell Street' in Chicago, outside go all the wares of the town. Don't miss this opportunity to join the jovial good spirits, and pick up legitimate bargains while you visit with your friends and neighbors.

THE LATEST REPORT: Wow! Was that a pool party the Lions had last Tuesday night? Homer La Plant, clad in stripes, took on the appearance of a glabrous water nymph. ## Courthouse Notebook

BY LOU BURNIN

Thoughts While Sitting Under the Lawn Sprinkler:  
The decision of McHenry County's Judge William M. Carroll to seek and accept the Democratic nomination for Appellate Court Judge shouldn't be considered a surprise in this year of political surprises. Everything points to a hectic year, politically, at all levels so Judge Carroll's defection is just part of the pattern of the times. . . . Although the move by the veteran Republican office holder caught many people by surprise in Lake and McHenry Counties, he was actively soliciting the Democratic nomination for several weeks, starting in fact right after the annual Milk Festival in Harvard. . . . Judge Carroll's seat on the Circuit bench is protected even though he runs for the higher court post because of a Supreme Court decision protecting judicial tenure. Judge Carroll will be on a separate Circuit Court ballot, but will have no opposition in November. . . . Judge Carroll's decision to run as a Democrat puts a fatal crimp in any hopes still remaining for a coalition ticket in the Circuit Court race that would include Judge Philip Yager, a Democrat. . . . The usual talk is going the rounds that one of the three avowed candidates for the two GOP Circuit Court nominations should withdraw for "the good of the party," a slogan that sounds unusually hollow these days.

Heaviest pressure will no doubt be brought to bear on Judge LaVerne A. Dixon because his Associate Judge post would not be filled since Lake County is already over-judged. Highland Park Atty. Mortimer Singer will undoubtedly lay great stress on geography during his round up of delegates for the convention, but he will also stress his long years of service to the Republican party as a precinct committeeman. . . . Atty. Fred Geiger, of Waukegan, the third candidate, can be expected to plead for township loyalty in an effort to wrap up the big Waukegan Township delegation. . . . McHenry County will be in a strong position to insist on a Circuit Judge and can provide the balance of power in the convention if it remains a three way among Lake County aspirants. . . . Wonder what Warren Supervisor Robert Depke would have done if the quarry he was chasing over hill and dale the other night had suddenly stopped and waited for the doughty supervisor to catch up. The pursued had attempted to steal Depke's car from his Wildwood home, a bit of effort not too great for even a county board member to countenance. . . . The County Board, for some reason too obscure for most people to ascertain, has decided to install a new asphalt sidewalk along the east side of Utica St. instead of moving the fence enclosing the courthouse excavation back to the inside of the existing sidewalk. There would seem to be a possible savings involved in moving the fence, but this could hardly be the reason for building the sidewalk. . . . A favorite mental exercise these days is to launch a discussion on the meaning of "Extremism" as used by Arizona Sen. Barry Goldwater in his now famous acceptance speech and the wide-ranging interpretations placed on his meaning by columnists and leaders of the two political parties. Interpretation possibilities appear almost limitless. That's the trouble with coning catchy words; the meaning may be clear in its initial use, but all too frequently they become subject to misuse. . . .

An institution among Lake County resorts, Pregenzer's at Grass Lake, has taken on a new look under the operation of the new owner, Eddie Haling. New boat facilities are being installed, a new bar-room overlooking the lake is in operation, and there is even talk of building a biergarten on the small island across the channel from the establishment. . . . An outstanding example of the benefits of business competition can be found in the Lake County Water District which had been so inconspicuous in its activities until the Lake County Public Works Department was created. Now that the PWD has shown an interest in acquiring existing private water companies, the

District has come to life and is moving to buy the companies and expand its own operations. . . . Wonder how far-reaching the Illinois Crime Commission probe into gambling in Lake County will be. Crime Commission Director Charles Stragusa reportedly has a crew of investigators delving into gaming operations here which could put a halt to the notorious "Shake a Day" game that a few taverns have installed to keep the customers amused. We've heard there are some addicts who travel from bar to bar putting up their two bits for three rolls of the dice in hopes they can hit five naturals and win the kitty which sometimes reaches \$50.00. . . . It appears that county officials all have firm "Yes and No" opinions about the much-discussed "auxiliary county building." The talk is really academic at this time, because the county board resolution authorizing construction of a new courthouse at the present site stated that the auxiliary building would be constructed "simultaneously" with the new courthouse. And, of course, the possibility of a new courthouse in this generation's lifetime looks more remote all the time.

By Pearl Kapell

There's nothing like a trip out of your own immediate area to make you realize that the problems of your town and your neighborhood are not unique.

We drove up through Wisconsin and Minnesota last week. In each town where we stopped, we walked down Main St. and looked at the stores. And each town presented the same picture—empty stores on Main St. with For Rent and For Sale signs. And each town obviously had a parking problem.

The towns were flooded with tourists. Motels were doing a rushing business—you were lucky to find an empty room after 5 p.m. Restaurants were equally busy. This was the tourist trail, and the streets were crowded with them.

Some of the towns, at least, were trying to find an answer. In Eau Claire, via the TV, we heard a discussion of the proposal being presented to city officials and downtown merchants—a downtown mall, a plan recently rejected by Zion merchants.

In Duluth, wreckers were at work demolishing thirty blocks of downtown buildings, to make way for an urban renewal project. The streets were crowded with shoppers and sightseers, the No Vacancy sign was out at the dozens of motels that surround the city. And a dozen stores in the heart of

## Letters to the Editor

July 24, 1964

DEAR EDITOR:

Your editorial appearing in the issue of July 23, 1964, entitled "Guest Editorial" gives one like the writer of this letter a real laugh.

The word co-operation is much needed on Main Street, that word has not been in use since the slot machines

town stood vacant. We looked at the almost straight-up-and-down streets of the city, slanting in every direction, and decided to make a tour of the Skyline Driveway via cab.

It was \$5.00 well invested. Along with the view of the harbor and city from the crests of hills, we got a thorough resume of Duluth's ills from the cabby, a lifelong resident of the city.

He told of corrupt city officials who used tax money to further their own aims, and stymied progress of the city as a whole. A dozen vessels lay out in the harbor, waiting for a strike of grain-loaders to end. The strike was in its 17th day. The boats were from France, Sweden, Germany—from all over the world. It cost them about \$1,500 a day to lay in the harbor and wait—and they could not afford to go back empty. Their bored and restless crews were creating problems for local police and ship officers.

"A few more strikes like this and they'll kill this port," the cab driver commented. "Those boats'll never come back here again."

The For Rent signs in downtown windows seem to dwindle as we went north and east along the northern shore of Lake Superior. But evidently not because they were more prosperous, we found in conversations with inhabitants. Most of the stores in the little resort towns simply closed up for the winter when the tourist season ended. The numerous motels stayed in business by jacking their prices up to outrageous figures during the crowded summer months, and dropping them at the end of the season.

There was plenty of money being spent along the tourist trail, and plenty of businesses taking it in. One restaurant would have a waiting line, while one three doors away stood empty. It wasn't hard to see why, if you visited both.

Someone said, a good many years ago, "Build a better mousetrap, and the world will beat a path to your door." They still will—if you advertise the fact that you've got it, and present it properly.

went out and a number of our good merchants had to go back to work, not real work, just coffee breaks, leaving no time to sit and discuss the progress of business in the Village.

So now we have a committee to keep Antioch strong, well they had better get busy before the alleys, back of the stores, the jungle on the east side and also the hidden creek get STRONG, with these hot days on hand we do not need any more smell.

It may be a little late to try to bring back Antioch as stated, "The Biggest Little City in U. S.," quoted in a recent magazine, do not forget the quote was made before the village officials were indicted and the old town has not been the same since.

"PROGRESS" is one word that Antioch has never really gotten the full meaning of in relationship to Village Improvements. Oh, there are a few improvements that come natural, that may affect a few of our good citizens, but no great effort put forth on a long range program.

When it comes to a long range program, here is an example, "To Improve the East Side of Main Street," and like the editorial says: the committee has 99 per cent of the property owners agreeing to donate and there is a chance of having exits either at Park Avenue or Depot Street, also the Village Board, the Banks and existing businesses, less some of those that have already left and could not wait.

Yes, the editorial creates good conversation, but it is only a repetition of what has been written for the last 20 or 30 years, this is not a new subject, it just got kicked around for need of something to talk about.

It is unfortunate, but Antioch does not have any real civic leaders—or community spirited individuals that have the time to check, to listen, to investigate or try to get information on the ills of Antioch. One trouble with Antioch, it is over organized with organizations and has not the time to sit down and discuss the every day business troubles, in other words, the cocktail boys will not sit with the hamburger boys and exchange ideas for the betterment of the community.

What Antioch needs right now is a good shot in the arm and this is a very simple by having the village board hire a real good business manager and bring the legal department up-to-date on a weekly basis, not wait from month to month by passing the buck to see if the important changes fit in with the wishes of the local relatives. A good example of this waiting program is like the delay in getting our real estate and personal property tax bills, so that the banks in the county can issue antici-

tion warrants and collect some nice interest until such time enough taxes are collected to buy up the warrants. In this way many of the taxing bodies will never catch up and you say: "The horse and buggy days are gone!" Show me!

Respectfully,  
Your 64 year Antioch resident,  
John L. Horan

\*\*\*

Dear Sir:

My only reason for writing this letter is to hope that it may serve all people in general by sharpening their consciences when they pass judgment or form opinions about their fellowmen that has been based solely on rumors or petitions that are circulated among them. To realize the harm that can result to a person's reputation or that of his family, even if innocent, once it has been accepted and passed on to others without concern for those that it involves or as to the truth of these rumors.

In a small town like ours, it is indeed unfortunate, when a family can be persecuted by slanderous remarks, threats, profanity being hurled at them, and even being subjected to bodily harm, that only through the use of the law or courts can it be prevented. But because of moral and religious convictions that do not permit them to take such steps which would serve only as a personal satisfaction to seek retribution in this manner—"Vengeance is mine. I will repay saith the Lord."

Sincerely,  
Mrs. June M. Albrecht

VILLAGE MAY CHARGE SCHOOL COMMISSION FOR SEWER CONNECTION

Springfield — The State School-Building Commission "is not immune" from being charged by a village for sewer and water connections at a school building for the erection of which the Commission has contracted, Attorney General William G. Clark held today.

However, Clark's opinion advised J. W. Moore, executive director of the Commission, this conclusion does not mean that the State or the Commission can be subjected "to any discriminatory, unlawful, or unreasonable charges for these services."

## Some Old Cars Never Die

Next time I hear a driver complaining that his car has depreciated in value I have a true story to tell him.

Back in 1898 an outfit named the Winton Horseless Carriage Company, made a two passenger car, by hand of course, that sold for \$310 against the stiff sales resistance of the times. The first owner kept it until 1907 when he sold it to a dealer, who finally resold it, after much haggling, for \$175.

You can imagine the reluctance of the third buyer seven years later when he inquired if the asking price of \$40 included a horse! Well, the poor old car really depreciated right clean through the bottom of the market in 1925—27 years after it was made—when its owner had to PAY a junk dealer \$15 to haul away what was left of it.

Now comes the cheerful part. For 13 years it lay in the junkyard gathering dust, until one day an antique car collector bought it for \$5. Just to show you what good care and reconditioning can do (as we've always said), this fellow worked on it replacing some parts and repairing others, for about ten years.

In 1948, on its fiftieth birthday, he had an antique auto that was winning prizes in competitions. He turned down \$5,000 for it once, but finally sold it in 1953 for around \$9,000. That owner has it still.

We haven't any 50-year-old Winton Horseless Carriages (I just ran out and checked) but we have some fine young toddlers of two and three years with a great future ahead of them.

## Training As Scout Leader

Harry Green, 11, 5, Antioch, is taking specialized training in Boy Scout Leadership at the Philmont Volunteer Training Center, which is operated by the Boy Scouts of America at the Philmont Scout Ranch in northern New Mexico.

National Scouting leaders are instructors for the 1,400 men who will attend the 34 conferences being offered this summer at the 137,000-acre national Scout camp.

Participating in the family program at the Volunteer Training Center are Mrs. Jackie Green and children, Timothy and Constance.

The training center is located on the slopes of the Sangre de Cristo Range of the great Rocky Mountain chain where 8,000 Explorers and older boy scouts will take part this summer in 12-day expeditions at the largest boys' camp in the world.

Green has been active in Scouting for 5 years. He is currently serving as assistant Scoutmaster, North Shore Council. He is associated with Johnson Motors.

## Listen To Teen Hearts At Fair

Some visitors to the Lake County Heart Council exhibit at the county fair will be startled when they hear the lubb-dubb sound of teenage hearts.

But to thousands of volunteers who over the years have collected money for the Heart Fund the beating will be a symbol of "Heart Dollars" at work.

The sounds, which are actually tape recordings of abnormal and normal heart beats of Lake County high school students, will be the highlight of the health agency exhibit during the remaining four days of the fair.

The fair, located at Rtes. 120 and 45, closes Sunday.

The beats were collected during a heart sound tape recording research project conducted during the 1962-63 school year by the Chicago Heart Association. The Heart Council is a division of the Association.

The purpose of the project was to discover whether tape recording was a feasible method for uncovering heart defects in masses of school children. The results are being analyzed.

## Gems of Thought

### LAUGHTER & TEARS

If you are wise, laugh.

—Martial

Waste not fresh tears over old griefs.—Euripides

I laugh because I must not cry.—Abraham Lincoln

I rejoice with those who rejoice, and am too apt to weep with those who weep, but over and above it all are eternal sunshine and joy unspeakable.

—Mary Baker Eddy

In laughing wholeheartedly a man must attain a certain freedom from selfishness, a certain purity; and the greatest saints are the merriest-hearted people.

—Mary Webb

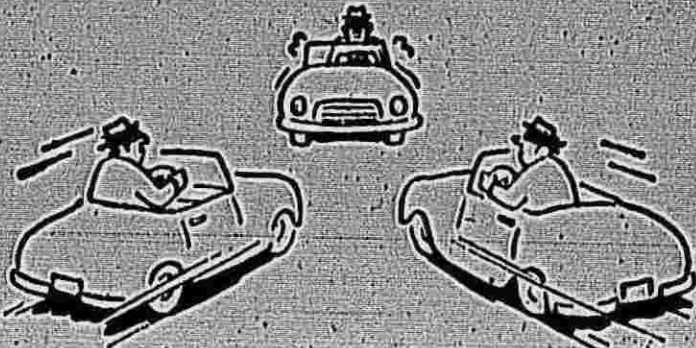

Laughter means sympathy; good laughter is not "the crackling of thorns under the pot."—Thomas Carlyle

## P. S. Co. Offers Course In Healing

Public Service Company will offer a course in electric space heating for architects, builders and heating specialists starting September 17 at the utility's Northbrook headquarters, 1000 Skokie Blvd.

The course will consist of six 2-hour sessions on consecutive Thursday nights. Subjects will include design and cost of electric heating systems; information about new equipment; and installation-insulation guidelines.

Joe Johnson will be instructor of the Northbrook program. Registration or inquiries may be made at the electric company's sales offices in Crystal Lake, Mount Prospect, Northbrook and Waukegan. For information by phone, call any Public Service office and ask for a sales representative.

### Following the car ahead too closely is a major cause of traffic accidents.

A sudden stop by the car ahead means trouble unless you are driving at an extremely slow speed. A good rule of thumb is to allow at least one car length of distance for every 10 miles an hour of speed.

### LET'S GO FOR A HIKE!

Hiking is not only a reliable way to travel, it's an economical way to have fun; also according to the Institute for Safer Living of the American Mutual Liability Insurance Company, it's also a good way to get lost if you happen to be hiking off the beaten path. If lost in the woods, it's wise to remain where you are if there is a prospect of being discovered. Otherwise try to find a stream and follow it downward. It will usually lead you to other people who know where they are.

### BE CAREFUL OF OVER-EXERTION

It's a wise summer vacationist who knows when he's had enough. Over-exertion in any form in hot summer weather is never relaxing, says the Institute for Safer Living. Overdoing frequently leads to such serious consequences as heat stroke, drowning, heart trouble and various accidents resulting from tired muscles refusing to obey commands. Take it easy and have a happy vacation.

A loose nut at the wheel is not often as dangerous as a tight one.—Milton Junction Courier.

### Rainbow Girls Make Plans For Assembly

Plans for the Grand Assembly Session of the International Order of the Rainbow for Girls to be held this week at the Conrad Hilton in Chicago were made at the regular meeting of the Rainbow Girls Monday evening.

Karen Jennrich and Susan Lindhorst will be in the Grand Choir for the Assembly; Susan Lindblad will serve as Grand Page during the three-day session.

Dee Stillson and Joan Wagner will receive their 20th year majority service. Mrs. Wilma Gibbs, Mother Advisor of Antioch Assembly, will present them with their certificates.

Dee Stillson will serve as Worthy Advisor during the Memorial Service on Saturday morning.

Other members who will attend the session are: Sue Bloom, Gail Gibbons, Wendy Lindblad, Laurie Markwart, Juanita Gillum, Pam Hagstrom, Kathy Gaston, Margo Nadr, Lark Hawkins, Carol Wiegart, Mickie Jonas, Leslie Beese, Darlene Weighart, Edith Bruski, Jeannine Dow, Judy Wells, Mrs. Amy Wells, Mrs. Mary Bruski and Mrs. Wilma Gibbs.

On Saturday, Mr. Roy Lokke and Susan Lindblad will receive the degree of the Grand Cross of Color. This degree is given for service rendered to the Order of the Rainbow. Only a few from each assembly are selected each year.

At the regular meeting Monday evening Peggy Geisler was initiated into the Order. Mrs. E. Gordon and Randy were in charge of the refreshments.

On Sunday, August 2nd, a bus will leave the Grade School at 10:45 to take all the members of Antioch Assembly to the reception for Harriet Wells at the Conrad Hilton Hotel, Chicago.

### Antioch TOPS Schedule Meeting

The Antioch Chapter of TOPS (Take A Few Pounds Sensibly) will meet Wednesday, August 5, at 8 p.m. at the Antioch Savings and Loan Community Room.

The Antioch group, named the Cheerful Losers, will host chapters from Waukegan, Zion, Lake Bluff and Grayslake at the meeting. Mrs. Leif Larson, publicity chairman, said that anyone interested in joining TOPS would be welcome to attend.

Guest speaker for the evening will be Allan Teicht of Skokie. Mr. Teicht is the 1964 Illinois King of TOPS. Teicht obtained his title by losing 324 pounds. He was a recent guest on the Gary Moore show, "I've got a Secret."

Expected to attend will be the Scalescanners and Mountain to Molchill, both of Waukegan, the 4 fers of Zion, the Determinettes of Lake Bluff and the Grayslake chapter.

File Drawer—A place provided to lose papers—alphabetically.

### PM&L Patrons May View Art Display

Patrons of the PM&L Theater in Antioch the next two weekends will get an added bonus in a chance to view the displays of paintings in the lobby and downstairs.

Paintings by Jackie Horton will be featured in the lobby of the theater during the performance of "Guys and Dolls" for the next two weekends. They include both oils and water colors. Many are scenes of historical interest in and around Antioch.

Jackie has become a real authority on history of the area, recording much of the history in her paintings. She is also compiling a written record of the area, on which she has been doing research for several years.

Some of the paintings which will be on view at the theater are one of Antioch High School in 1915; the location of one of the earliest land claims in the area—in 1837, the old Samuel Horner farm south of town; and one or two of the early one-room schools in the area, which are fast disappearing.

Downstairs at the PM&L, paintings of artists connected with the play will be on display during the showing of "Guys and Dolls."

### Social Notes

By Del Jahneke

Many Antioch residents have been happy to enjoy a brief visit with familiar friends who have returned for a short vacation in our community. Mr. and Mrs. V. J. Keeney, now of Fort Myers, Florida, but for many years citizens of Antioch, have been busy paying "short calls" on their many friends.

Mr. Keeney was Station Agent for the Soo Line R. R. They had also traveled to Arcadia, Calif., to visit with their daughter and her family—the T. J. Keehans. Mrs. Keehan was the former Junette Keeney of Antioch. Mr. and Mrs. Keeney stayed at the Edward Frazier home during most of their visit.

Chief Warrant Officer Don Francisco, Jr., and Mrs. Francisco, of Wetumpka, Miss., Air Force Base, but formerly of Antioch, had only a very little time to make hurried calls on some of their pleasantly surprised friends. Their son, Donny, who had nearly lost his arm in a shot-gun accident last year, has been slowly, but steadily regaining full use of his arm and hand. He has undergone several operations, and has had extensive physical therapy.

Mr. and Mrs. Don Francisco, Sr., who had formerly made their home at Bluff Lake, but had lived in Florida for several years now, also made several visits with friends in the Antioch area during the past few weeks.

Nancy Kufalk, daughter of Mr. and Mrs. Clarence Kufalk, is attending the Mueller School of Beauty Culture, Inc. in Waukegan.

When the storm was at its height Monday night with the lightning, thunder and downpour in an ever-increasing crescendo of sound and fury, and all the electricity off.

Mrs. Ed Jahneke received a long-distance phone call from her brother, James R. Craig, in Kansas City, Mo., asking how everyone was "this lovely sunny summer day"? She did manage to have a nice visit in between the thunderbolts and lightning!

Grand—Mrs. Clarence Perkins; Left Support to the Vice Grand—Mrs. Ralph Fields; Inside Guardian—Mrs. Lorna Buchert; and Outside Guardian—Mrs. Clarence Perkins. Mrs. Harold Ellis, as Noble Grand, will be the presiding officer.

**SALAD BAR & STYLE SHOW**  
The Altar and Rosary Society of St. Peter's Church in Antioch is holding their annual Salad Bar luncheon and Fall Style Show at the Social Center at the Church at 12:30 p.m. Thursday, August 13.

## Medinah Potentate Has Long Record As Shriner

WILLIAM M. WEISENBORN, JR., a native Chicagoan who has been a leader in business, civic and fraternal circles for more than three decades, is head of Chicago's 22,000 Shriners.

Medinah's new Potentate, 59, lives at 5321 Fletcher st., and has a summer home at Loon Lake, Antioch. A product of Chicago's Northwest side and the Wicker-Park-Humboldt Park-Logan Square area, he is the owner of the Local Electric Co., 1758 N. Rockwell st., which has been in the electrical contracting business since it was founded by his father in 1919.

He has been a member of Medinah Temple for almost 40 years, during most of which he was a member of its famous Arab Patrol precision drill team. He was its captain when chosen to become an officer of the temple. For 31 years he has been chairman of the volunteer ushers who spend their Sundays escorting visitors through the Shriners Hospital for Crippled Children, 2211 N. Oak Park Ave.

Mr. Weisenborn, chosen "Man of the Year" by the Logan Square Boys club two years ago, is a past chairman and currently a member of the board of that organization. He also is a director of the Humboldt Park Lions club and a board member of the First Gethsemane Lutheran Church, 4844 W. Oakdale ave.

He is a graduate of Lane Tech high school and Washburn Trade School. He and Mrs. Weisenborn are the parents of three married daughters—Karen, Mrs. Donald Boyd; Sandra, Mrs. Phillip Ristau and Janice, Mrs. Kenneth Fenske. They have six grandsons. All three of the sons-in-law were inducted into Masonry by Mr. Weisenborn and are also members of Medinah.

Mr. Ristau is a first sergeant in the Patrol and Mr. Fenske sings with Medinah's Chanters. Mr. Boyd is an officer of Ben Hur Lodge, Ancient Free & Accepted Masons, of which Medinah's new Potentate was once Master.

Masonically, Mr. Weisenborn also is a past district deputy grand master, a grand lecturer, a member of the Grand Lodge committee on appeals and grievances, as well as the Northwest Chapter No. 224, Royal Arch Masons; Humboldt Park Commandery No. 79, Knights Templars; the Scottish Rite, the Northwest Shrine Club, El Hajj, the Royal Order of Jesters, the Red Cross of Constantine and others.

He also is past president of the North Side Masonic Club and the Masonic Ritual Club of Austin.

His business associations include membership in the Engineers Council, the National Electrical Contractors' association, the Builders association, Electric association, and Local 134 of the Electrical Workers union.

He also is a member of the Dania Club and the Germania Club of Chicago.

**MOBILE HOME**  
Springfield — Admitting that "the matter is not free from doubt," Attorney General William G. Clark has held that a county may by ordinance restrict the use and occupancy of a mobile home or trailer to a trailer coach park. Such an ordinance, Clark's opinion advised State's Attorney John A. Strom of Boone county, would also prohibit the use of a trailer as a single family dwelling.

Quick, Mother, the Bandages Father is Lighting the Grill Outdoor cooking has been an American way of life since Columbus first discovered our first citizens busily cooking over camp fires. The Institute for Safer Living states that while our early settlers were professionals at outdoor cooking, present day Americans are mostly amateurs. Lack of knowledge of outdoor cooking procedures is apt to produce many a serious burn or other injury. Take time to learn safe practices and procedures if you aspire to be a good outdoor chef.

## Heart Fund Drive Tells of Results

Antioch Township residents contributed \$1,273 to the 1964 Heart Fund campaign, according to Mrs. Edward Jacobs, Township campaign chairman. These contributions were part of the \$56,640 collected in Lake County. Altogether more than \$1,245 million was raised by volunteers of the Chicago Heart Association during the campaign.

A Chicago Heart Association award has been presented to Mrs. Jacobs for her role during the campaign.

Dr. Morris Fishbein, president of the Chicago Heart Association, a voluntary health agency that serves Lake, Cook and DuPage counties, said the money will be used for research, education and community programs aimed at cutting deaths from heart disease, the number one killer in the United States.

Dr. Fishbein said he was overwhelmed by the response shown by residents of the tri-county area.

"We are indeed happy that people realize the seriousness of heart disease. It is only through their enlightened support we at the Chicago Heart Association can continue our fight against this dread disease which causes 54 per cent of the deaths in the country—860,000 each year."

Dr. William Darnall, president of the Heart Council of Lake County which is a division of the Chicago Heart Association, added his thanks for the county's support.

"We have to have the people's support if we are to win this fight," he said. "In Lake County heart disease in 1962 was responsible for 1,164 of the county's 2,121 deaths."

Lake County went over its goal by \$140. This was the third straight year more than \$50,000 has been raised in the county.

Lake County receipts included \$28,930 residential solicitations; \$10,081 business contributions; \$9,509 special gifts; \$1,119 from special events; and \$7,201 in memorial gifts.

Heart Fund collections community by community:

Highland Park, \$16,772; Highland, \$1,025; Deedfield, \$3,158; Lake Forest, \$6,285; Lake Bluff, \$1,892; Waukegan, \$10,789; North Chicago, \$2,966; Zion, \$1,523; Winthrop Harbor, \$369; Warren Township, \$602; Elia Township, \$675;

Waukegan Township, \$788; Libertyville, \$2,692; Mundelein, \$1,046; Grayslake, \$1,019; Round Lake Area, \$422; Grant Township, \$863; Antioch Township, \$1,273; Lake Villa Township, \$899; Newport Township, \$360; Cuba Township, \$160; and Vernon Township, \$363.

## Handicapped Aided By New Organization

A new organization, Door, Inc., has been incorporated in the northwest suburbs to establish an area "sheltered workshop" and vocational rehabilitation center for handicapped persons. There are no facilities of this nature in the area to be served.

"Door" stands for Direction to Opportunity through Occupation and Rehabilitation. Gordon Lyons of Arlington Heights has been elected president of the new non-profit organization. Mrs. Helen Nordhaus, Northbrook, is vice-president; Mrs. Susie Miramonti, Northbrook, secretary and Oscar Tatelman, Wheeling, treasurer.

All interested persons are invited to join the new organization. Regular meetings will be held at the District 21 school administration building at 999 W. Dundee Road in Wheeling on the third Wednesday of each month at 8:30 p.m. For additional information, people can contact Mrs. Sharon Bourke at 262 East Wayne, Wheeling, telephone 537-5263.

First fund-raising event of the organization will be a Golf Outing at Spring Valley Country Club in Salem, Wis. The golf outing will be held Monday, August 24, with golf starting at 7 a.m. and dinner from 6:30 to 8 p.m. Tickets may be obtained at the Pro Shop of the Spring Valley Country Club.

## Inspect Cars, Cut Accidents Says Powell

Paul Powell, Democratic candidate for Secretary of State, has announced that he will seek legislation in the next session of the General Assembly calling for motor vehicle inspection every six months.

"Such legislation," Powell said, "is a safety imperative if Illinois is to reduce its traffic fatalities." Powell pointed to the fact that many states are now engaged in such a program and that records indicate that almost 50% of the vehicles examined possess some type of mechanical defect.

Powell also said his legislation would provide that all used car dealers prior to resale of a used car would have to have the car submitted to such a safety inspection. "If defects are discovered," Powell said, "they would have to be corrected and the car resubmitted to an inspection test prior to the sale." Under his legislation, according to Powell, the used car dealer would be required to submit a copy of the successful inspection test to the Secretary of State along with the transfer of the certificate of title.

"In this manner," Powell said, "it will be possible to have a permanent record of the condition of every used car offered for resale in Illinois. This would go a long way to eliminate the sale of such cars as the one involved in the accident which took the lives of six young people in Chicago."

Powell said that the safety lane inspection would include among other mechanical requirements, brakes, tires and wheels, steering alignment and suspension.

He stated that he would be guided in this type of legislation by the recommendations of the President's Committee for Traffic Safety and the National Safety Council.

### Your Congressman Reports....

By Cong. Robert McClory

Residents of the 12th Congressional District (particularly parents of young children) should rejoice that the U. S. House of Representatives is waging an attack against obscene and indecent literature and, also, Communist propaganda. This attack is embodied in HR 319—passed overwhelmingly by the House, 325 to 19—and now pending final action in the U. S. Senate.

This new weapon against purveyors of obscenity and other immoral influences will give parents the right to prevent morally offensive material from being delivered to their homes through the U. S. mails. Once the law becomes effective, all that will be required is for a parent to notify the Post Office Department that morally offensive mail matter has been received by members of the household, and to request that the sender shall send no further mailings to the parents' home. A violation which occurs after 30 days' notice may result in a court proceeding and subject the offender to severe penalties.

This legislation is aimed at a multimillion dollar business in pornography and obscenity which preys upon the curiosity and natural temptations of our young people. In the committee hearings held in connection with this bill, J. Edgar Hoover, Director of the FBI, and various church and youth leaders testified that pornographic and indecent literature sent through the mails is a major cause of juvenile delinquency.

In previous sessions of the

Congress arguments based on constitutional grounds have hindered effective legislative action. However, the present bill rests on a firm constitutional and legal foundation. In addition, it emphasizes the inherent right of privacy, i.e., the right not to receive in one's home through the mails "morally offensive" material.

Many parents, churchmen, youth leaders and educators have written to Washington in behalf of such a measure as H. R. 319. The support of our Illinois Senators, Paul H. Douglas and Everett M. Dirksen, is now needed in order to enact this bill into law.

There is ample time for this action during the final weeks of the 88th Congress.

Passage of H. R. 319 would deal a lethal blow to those "muck" merchants who deal in pornography and other morally offensive matter.

### "SUIT CLUB" REFUNDS

Springfield — A total of \$891 has been returned to 21 members of a Loves Park "suit club" by the operator of the club as the first result of Attorney General William G. Clark's drive against such clubs, Clark has announced. Clark said that Duane L. Thomson, doing business as the Thomson Custom Tailors at 5340 North Second Street in Loves Park, agreed to and has refunded sums collected from customers of the "club."

### ONE INDICTMENT

Springfield, Ill.—Attorney General William G. Clark has advised State's Attorney Carl D. Sneed of Williamson county that there should be but one indictment for reckless homicide or manslaughter resulting from multiple deaths in a single accident.

### Birth Control Clinic Held In Waukegan

Birth control services are being offered to women of northern Illinois through family planning clinics open two mornings a month at the Goodfellowship Settlement House in Waukegan.

The next two clinic dates are the Tuesdays, August 11 and August 25. The clinic is open from 9:30 a.m. to 11:30 a.m. It will be open the second and fourth Tuesday mornings of every month.

Goodfellowship Settlement House at 555 South Genesee Avenue is directly back of the public housing development being built on Genesee in Waukegan.

The "pap" test for cancer is part of the birth control service at the clinic. Methods of birth control will be taught by a doctor and nurse. Methods include the oral contraceptive ("the pill") and rhythm, along with many other approved methods.

No one will be turned away because she cannot pay for the service. Cost is based on ability to pay.

The Planned Parenthood Association which sponsors the clinic does not believe that anyone should tell a woman how many children to have. Its goal is to help families to have the number of children they want. All women in the area are welcome to come to the Waukegan Clinic for this service.

## Sullivan Takes Feature, Breaks Track Record

Jim Sullivan of Antioch ended four weeks of bad luck at the Kenosha County Speedway in Wilmot to win the 25 lap feature in record time as well as break the old one-lap track record. In both cases, he lowered his own previous marks.

The track was in superb condition and in all five new track records were set. In the time trials, seven laps were turned in faster than the one year old mark of 18.01 seconds. Sullivan's time was 17.59 seconds for an average speed of 58.85 mph. It marked the first lap ever turned on the track in less than 18.00 seconds and already fans and drivers are looking forward to the first 60 mph circuit.

Behind Sullivan in the feature were Kenny Tolagan, Terry Vaughn, Bob Strunk and Duane Harris. The feature race was halted on the first lap when Bill Bohn broke a torsion bar and spun, causing six other cars to tangle. All but Bohn and Kenny Heiden were able to restart. Terry Vaughn took the lead but lost it to Bill Ansell who then slowed down and dropped out. Sullivan fought hard for each position and finally passed Vaughn at the midway point.

Ed Pensalek, Fran Seamars, Bill Strom and Bohn were 10 lap heat race winners with Fran Seamars setting the first new 10 lap record only to have Strom take it away in the next heat. Seamars then came back and won the 15 lap semi and set a new record in this race. Ron Larson of Racine flipped

## Miller Takes 3rd Place In Kenosha Open

Nineteen year old Barry Wojtak became the 1964 winner of the Kenosha County Open Sunday on the strength of a 27 foot putt on the 17th green at the Spring Valley Country Club. Wojtak totaled 215 for the three rounds—one stroke better than runner up and 1959 open champion Mike Smolinski.

Finishing in third place was Les Miller, at 222. Miller was the mainstay of the golf team at Antioch High School for three years. He graduated this past June. Les shot rounds of 74, 73 and 75 to finish one stroke ahead of Dick Adamson, another top contender.

John "Pick" Wagner, co-owner of the host club, Spring Valley Country Club, finished sixth behind Herb Brandes and Adamson. Wagner, the only man to win the open three times, had rounds of 73-76-76.

## Bears Meet All-Stars In Chicago Next Week

The Chicago Bears, who have played in more college All-Star games than any other pro team, will be making their seventh appearance in the midsummer football spectacle when they meet the collegians.

The Bears helped inaugurate the series in 1934, playing a scoreless tie with the All-Americans. In their next four appearances, they scored victories—in 1935-1941, 1942, and 1944.

However, in their last appearance in 1947, they bowed to the collegians, 16 to 0, before a crowd of 105,840, the record for the series. That game recalls pleasant memories for Alex Agase, Northwestern's new head coach.

Agase, an All-American lineman at Illinois and Purdue, was a member of the 1947 All-Star team. "The week before we met the Bears," Agase recalls, "Arch Ward (the late sports editor of the Chicago Tribune who originated the All-Star football and baseball games) told us we were the worst All-Star

## Dirty Dexter, Wrecker Decker, Tangle In Race At Speedway

Race fans at the New Waukegan Speedway were offered another hero with the addition of Dirty Dexter to the field of jalopy drivers.

Frank the Wrecker Decker took it upon himself to eliminate Dexter from the track. However, in doing so, wrecked his own car.

The feature figure-8 race held 20 cars and not one driver on the track knew which way to go. By the time the flag dropped there were only 3 cars running and 17 sad looking automobiles covering the entire track.

In late model events Odell Jones drove a perfect race in a bumper to bumper feature which was a near photo finish. Fans and officials alike agreed that it was the finest performance this year by sportsman drivers.

Schedule for next Saturday

night includes Late Model, Jalopy, and Figure-8-Racing.

### REIMER CLEANS UP

Johnny Reimer, Caledonia, Wis., repeated a clean sweep for the second consecutive weekend at the New Waukegan Speedway.

John took fast time for the evening in excellent time, came back in the fourth heat for modifieds to take honors, then showed the boys who's boss by driving to take the big 50-lap July championship win.

With 16 laps completed, Gino Wagner lost control and demolished his car on the wall. The red flag dropped. However, Geno was out of the car uninjured, which brought on a single file re-start.

At this time Reimer had passed everyone on the track except Donnie Sorce, West

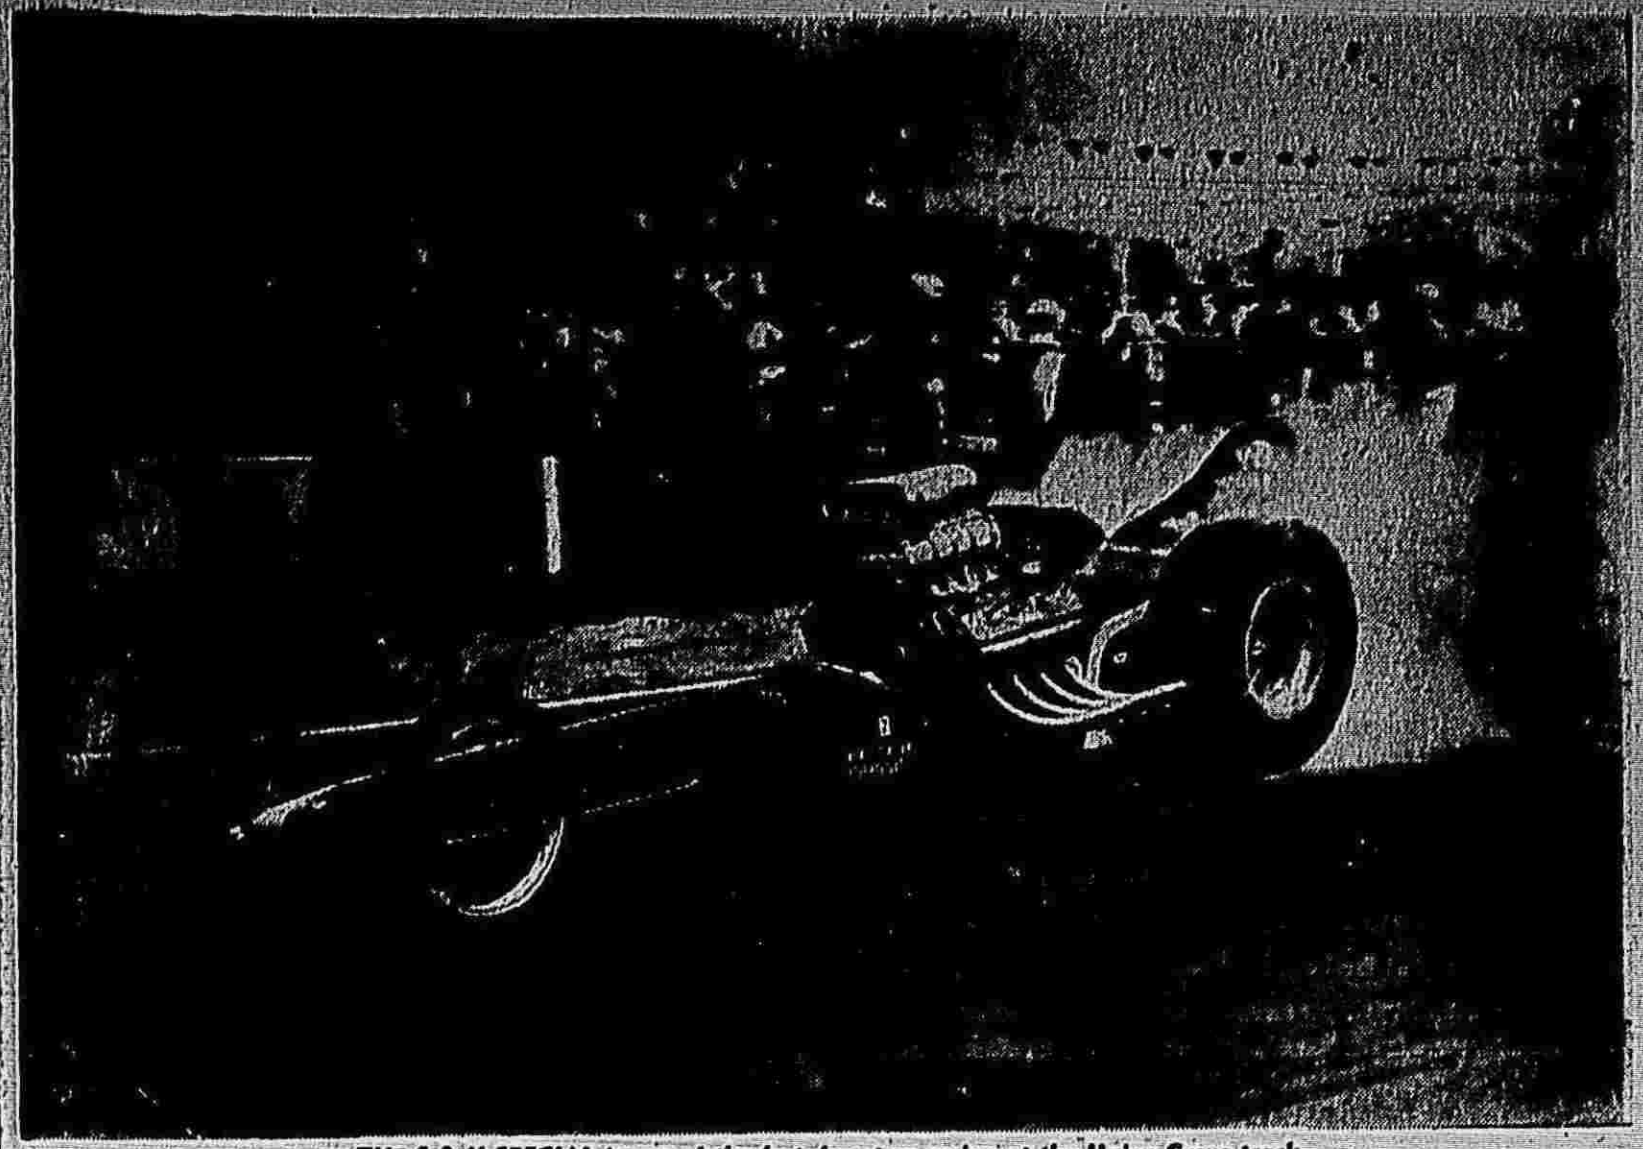

Allis, Wis. Sorce drove beautifully, however, at the 29th lap slipped high in the turn which allowed Reimer the room to power past Sorce.

At the 35th lap, Reimer's car began to smoke badly, however, he didn't let off and finished with an impressive ¾-lap lead over Sorce.

Reimer accepted the two-foot trophy, donated by Lyons-Ryan Ford of Antioch and Kenosha in front of a wild and happy grandstand of fans.

In modified heats, the winners were: 1st heat, Jim Bozeman; 2nd, Jess Lloyd; 3rd, Jim Sullivan, and 4th, John Reimer.

In Sportsman events: 1st heat, Jack Ester; 2nd, Bill Robbs and the feature winner—Bill Robbs powered past every car on the track for the win.

## Dragster Featured In Movie To Race At Union Grove

One of the most beautiful dragsters, as well as one of the nation's fastest, will be racing this coming Sunday, August 2, at the Great Lakes Dragway. Larry Stellings will race his "S&H Special" in open competition and also in a best 2 out of 3 match race against Del Fisher of Milwaukee and his "Blue Angel."

This famous dragster from Laguna Beach, Calif., gained national recognition with its consistent races around the 200 mph mark, with an all time high of 205.88 in 7.02 seconds.

They hold track records at 15 dragstrips throughout the nation and have suffered only 6 defeats in more than 100 races the past 2 years. They hold the second fastest official speed at 107.36 mph topped only by the 109.10 mph set by Frank Cannon of Long Beach, Calif.

Due to these past performances, this dragster was chosen to be the featured dragster in the new movie, "Bikini Beach" that is centered around drag racing. Jeep Hampshire who is the driver also does the driving in the movie while Larry Stellings was technical adviser.

The team of "Stelling and Hampshire," with their big powerful 1,700 h.p. supercharged Chrysler engine is among the 10 most feared drag racing teams in the nation.

### Your Congressman Reports....

By Cong. Robert McClory

Residents of the 12th Congressional District (particularly parents of young children) should rejoice that the U. S. House of Representatives is waging an attack against obscene and indecent literature and, also, Communist propaganda. This attack is embodied in H. R. 319—passed overwhelmingly by the House, 325 to 19—and now pending final action in the U. S. Senate.

This new weapon against purveyors of obscenity and other immoral influences will give parents the right to prevent morally offensive material from being delivered to their homes through the U. S. mails. Once the law becomes effective, all that will be required is for a parent to notify the Post Office Department that morally offensive mail matter has been received by members of the household, and to request that the sender shall send no further mailings to the parents' home. A violation which occurs after 30 days' notice may result in a court proceeding and subject the offender to severe penalties.

This legislation is aimed at a multimillion dollar business in pornography and obscenity which preys upon the curiosity and natural temptations of our young people. In the committee hearings held in connection with this bill, J. Edgar Hoover, Director of the FBI, and various church and youth leaders testified that pornographic and indecent literature sent through the mails is a major cause of juvenile delinquency.

In previous sessions of the

Congress arguments based on constitutional grounds have hindered effective legislative action. However, the present bill rests on a firm constitutional and legal foundation. In addition, it emphasizes the inherent right of privacy, i.e., the right not to receive in one's home through the mails "morally offensive" material.

Many parents, churchmen, youth leaders and educators have written to Washington in behalf of such a measure as H. R. 319. The support of our Illinois Senators, Paul H. Douglas and Everett M. Dirksen, is now needed in order to enact this bill into law.

There is ample time for this action during the final weeks of the 88th Congress.

Passage of H. R. 319 would deal a lethal blow to those "muck" merchants who deal in pornography and other morally offensive matter.

### "SUIT CLUB" REFUNDS

Springfield — A total of \$891 has been returned to 21 members of a Loves Park "suit club" by the operator of the club as the first result of Attorney General William G. Clark's drive against such clubs, Clark has announced. Clark said that Duane L. Thomson, doing business as the Thomson Custom Tailors at 5340 North Second Street in Loves Park, agreed to and has refunded sums collected from customers of the "club."

### ONE INDICTMENT

Springfield, Ill.—Attorney General William G. Clark has advised State's Attorney Carl D. Sneed of Williamson county that there should be but one indictment for reckless homicide or manslaughter resulting from multiple deaths in a single accident.

### Birth Control Clinic Held In Waukegan

Birth control services are being offered to women of northern Illinois through family planning clinics open two mornings a month at the Goodfellowship Settlement House in Waukegan.

The next two clinic dates are the Tuesdays, August 11 and August 25. The clinic is open from 9:30 a.m. to 11:30 a.m. It will be open the second and fourth Tuesday mornings of every month.

Goodfellowship Settlement House at 555 South Genesee Avenue is directly back of the public housing development being built on Genesee in Waukegan.

The "pap" test for cancer is part of the birth control service at the clinic. Methods of birth control will be taught by a doctor and nurse. Methods include the oral contraceptive ("the pill") and rhythm, along with many other approved methods.

No one will be turned away because she cannot pay for the service. Cost is based on ability to pay.

The Planned Parenthood Association which sponsors the clinic does not believe that anyone should tell a woman how many children to have. Its goal is to help families to have the number of children they want. All women in the area are welcome to come to the Waukegan Clinic for this service.

## Sullivan Takes Feature, Breaks Track Record

Jim Sullivan of Antioch ended four weeks of bad luck at the Kenosha County Speedway in Wilmet to win the 25 lap feature in record time as well as break the old one-lap track record. In both cases, he lowered his own previous marks.

The track was in superb condition and in all five new track records were set. In the time trials, seven laps were turned in faster than the one year old mark of 18.01 seconds. Sullivan's time was 17.59 seconds for an average speed of 58.85 mph. It marked the first lap ever turned on the track in less than 18.00 seconds and already fans and drivers are looking forward to the first 60 mph circuit.

Behind Sullivan in the feature were Kenny Tolugan, Terry Vaughn, Bob Strunk and Duane Harris. The feature race was halted on the first lap when Bill Bohn broke a torsion bar and spun, causing six other cars to tangle. All but Bohn and Kenny Holden were able to restart. Terry Vaughn took the lead but lost it to Bill Ansell who then slowed down and dropped out. Sullivan fought hard for each position and finally passed Vaughn at the midway point.

Ed Pensalek, Fran Seamans, Bill Stron and Bohn were 10 lap heat race winners with Fran Seamans setting the first new 10 lap record only to have Strom take it away in the next heat.

Seamans then came back and won the 15 lap semi and set a new record in this race. Ron Larson of Racine flipped

## Miller Takes 3rd Place In Kenosha Open

Nineteen year old Barry Wojtak became the 1984 winner of the Kenosha County Open Sunday on the strength of a 27 foot putt on the 17th green at the Spring Valley Country Club. Wojtak totaled 215 for the three rounds—one stroke better than runner up and 1959 open champion Mike Smolinski.

Finishing in third place was Les Miller, at 222. Miller was the mainstay of the golf team at Antioch High School for three years. He graduated this past June. Les shot rounds of 74, 73 and 75 to finish one stroke ahead of Dick Adamson, another top contender.

John "Pick" Wagner, co-owner of the host club, Spring Valley Country Club, finished sixth behind Herb Brandes and Adamson. Wagner, the only man to win the open three times, had rounds of 73-76-76.

## Bears Meet All-Stars In Chicago Next Week

The Chicago Bears, who have played in more college All-Star games than any other pro team, will be making their seventh appearance in the midsummer football spectacle when they meet the collegians.

The Bears helped inaugurate the series in 1934, playing a scoreless tie with the All-Americans. In their next four appearances, they scored victories—in 1935-1941, 1942, and 1944.

However, in their last appearance in 1947, they bowed to the collegians, 16 to 0, before a crowd of 105,840, the record for the series. That game recalls pleasant memories for Alex Agase, Northwestern's new head coach.

Agase, an All-American lineman at Illinois and Purdue, was a member of the 1947 All-Star team. "The week before we met the Bears," Agase recalls, "Arch Ward (the late sports editor of the Chicago Tribune who originated the All-Star football and baseball games) told us we were the worst All-Star

team they had ever had in camp.

"Well, you know what happened. We jelled the night of the game and won. Sid Luckman (Bear quarterback) was yelling at his linemen all night for better protection."

Agase, the cigar-chomping ex-marine who was elevated to head coach at Northwestern when Ara Parseghian went to Notre Dame, chuckles when he thinks of that night. "They blame air conditioning for the Bears' defeat," recalls Agase. "It was hot—in the 90's—and sticky on the playing field."

"At halftime, Coach Frank Leahy (Notre Dame) took us to one end of the gridiron. The Bears went to their locker room, where they had installed air conditioners. When they came back into that oven on the field, they nearly fell flat on their faces."

But that game will be remembered by Agase as the one in which the "worst" All-Star team played one of the better games by the collegians in the long, colorful series.

The Bears will meet the College All-Stars on the night of August 7 in Chicago's Soldiers' field.

## Fish Catch Good At Little Silver Lake

Good catches of northern pike and bass are reported from Jacy's Resort at Little Silver Lake, east of Antioch.

Richard Pastorel, 2130 Melrose, Chicago, caught eleven good-sized northern pike last Saturday afternoon in Little Silver Lake. Jigs were used to fish the bottom in deep water, in the heat of early afternoon.

Jack Bennett, 5252 Broadway, and Jack Dalberth had a catch of 1 northern and 6 bass the previous day.

No motors are allowed on Little Silver Lake.

### Rummage Sale

The Lindenhurst Planning Commission and Civic Center Building Committee will jointly sponsor a Rummage Sale on October 3.

The Lindenhurst Women's Club has decided not to hold a fall rummage sale, so members are asked to donate their rummage to this affair.

### At Camp

Linda Lance and Barbara Lofton left Saturday to spend two weeks at the Northern Grace Youth Camp in Northern Wisconsin.

### Brother Visiting

Mrs. Louise Lofton's brother, Jimmy Stratton, his wife and five children, were here from Monday till Wednesday last week. They said our weather here was hotter than theirs in West Palm Beach, Fla. The Loftons visited them in early June.

### Anniversaries

Happy anniversary wishes to Ray and Pat Parpan on their 13th year, and to Steve and Evelyn Krakowski on their 27th anniversary. And to Steve and Hattie Pawlowski of Prince of Peace parish on their 53rd anniversary.

### Prince of Peace Church

The Altar and Rosary Sodality of Prince of Peace Church will receive Holy Communion at the 8:00 o'clock mass Sunday, Aug. 2.

The Sodality will hold their monthly meeting Wednesday, August 5, starting with Benediction at 8 p.m. All the ladies of the parish are invited to join them.

On Saturday, August 22, the Catholic Youth Organization will sponsor a swimming party at the Antioch Aquatic Center for all the teenagers of the parish, from 8 to 11 p.m. "Stumpy Joes" will be served. For further details and reservations call Kathy Mertes at 356-7628 or Carol LaBarbera, 356-7214.

### Bar-B-Q Dinner

Benet Lake, Wis.—The Benedictine Sisters of the Holy Family Convent will sponsor a chicken Bar-B-Q dinner under a tent, on Sunday, August 23, from 11 a.m. to 7 p.m. Benet Lake is 3 miles northeast of Antioch.

### Girl Scouts Hike

Sixteen Junior Girl Scouts of Troop 209 went on a five mile hike on July 22. Leaving the Lindenhurst Civic Center about 9 a.m. it took them about an hour and 15 minutes to hike to routes 132 and 45. The girls earned Foot Traveler and Gypsy badges.

One of the requirements was that the girls do a good deed that day. So, on the way, they picked up two bags of beer cans, bottles, etc., and deposited them in the disposal cans in Linden Plaza. Along the way they also had a "rainbow hike." That is, each group of girls would look for something red, blue, yellow or green, marking it down as they saw it.

Accompanying the girls Mrs. Helen Myslinski, co-leader and Mrs. Esther Sokup, leader. Mrs. Dorothy

Skrzyniecki, new co-leader. Mrs. Lois Flanagan, Mrs. Myslinski and guest, Miss Dorothy Black.

### Lindenhurst Dances

All the 4-H girls in this area were judged on their sewing at the Lake County Fairgrounds in Graylake, on July 10. In the evening a style show was held at the Grant High School, where the girls modeled the garment they had made.

First year girls made skirts. Carol Orban, Judy Langager and Senja Nelson each received an A, or a blue ribbon. Peggy Saran and Debbie Jones received B plus or a green ribbon. Sharon Mattie and Karen Ceconci received a B, or a green ribbon.

Second year girls made shifts. Kathy Jones was awarded an A, blue ribbon; Susan Saran, B plus, green; Bonnie and Debbie Hay and Mary Ann Mattie each received a B, or green ribbon. Donna Anderson, a third year girl, and Jean Bywell, a four year girl, each received an A, or blue ribbon, for their dresses.

Linda Bywell, Loren Lee Lewis and Carol Langager received B plus, or green ribbons. Janet and Lynn Dirksen and Debbie Mortes were awarded B or green ribbons for their two piece outfits.

The first year girls were judged just on sewing. Second year and up, were judged on workmanship, how the garment fit, suitability of pattern and material.

Debbie Hay received a blue ribbon for her food demonstration for Finger Food Salad, and was chosen to be an alternate to go to State Fair.

They will be judged on their cooking, knitting and table covers at the Lake County Fair this week.

### U. of I. Has New Grade Requirements

Three changes in admission requirements to the University of Illinois, effective June 1, 1966, were recently approved by the Board of Trustees.

Admission requirements for beginning freshmen increased to 3.25 from 3.0 for admission transfer students. Requirements for non-resident students are also increased.

An undergraduate student whose scholastic average is below 3.25 but above 3.0 may petition the University for admission.

In addition to the new requirements for admission, a beginning freshman applicant who is a nonresident of Illinois must rank at least in the highest quarter of his high school graduating class to be admitted.

A trousseau is the clothes a girl wears for seven or eight years after she is married.

### RINGWORM

Ringworm may be just itching to get at you this summer. Despite its name, ringworm is a common skin infection — not caused by a worm... and its lesions are not always ringed. It is caused by a fungus that comes from the soil and is especially active under hot, moist and dark conditions.

Like so many other infections, ringworm is highly contagious. You can get it from using another person's comb or brush, wearing someone else's hat or merely by leaning your head against the back of a contaminated seat.

You may even be infected by ringworm from a cat or dog. How do you recognize the disease? Ringworm of the scalp is characterized by patches of baldness which appear round, gray and scaly with a covering of tiny hairs.

When ringworm appears on the body, it shows up in rings about the size of a small coin, bordered with tiny, itchy blisters. When this type of ringworm can infect any part of the body, it usually appears on the face or neck.

When transmitted by the family pet, ringworm of the body — like ringworm of the scalp — occurs most frequently among children. Should a family pet transmit ringworm to your child, be sure that the animal, as well as the youngster, is treated for the disease.

Ringworm of the foot — popularly known as "athlete's foot" — is as common among adults as children. Symptoms of athlete's foot include itching between the toes, scaling, blisters which become large if the disease remains untreated and, in severe cases, swelling, redness and rawness.

Since poor foot hygiene can make anyone a potential victim of athlete's foot, some basic rules of preventive care should be followed.

Keep your feet dry and

free from soggy, dead skin. Bathe your feet regularly with special attention to scaling, rinsing and then drying carefully between the toes. Dust with a good medicated foot powder and wear comfortable, roomy shoes and stockings so that air can circulate around your feet.

Ringworm of the nails is the most stubborn form of the disease. If untreated, it can spread through the entire thickness of the nails and leave them discolored, pitted, grooved and brittle.

Fortunately, medication has been developed in the past few years which when used under medical supervision can subdue and control the more resistant cases of ringworm. This new medication — griseofulvin — taken by mouth affords systemic rather than localized treatment. It is our most important breakthrough in treating ringworm.

A word of precaution: don't attempt self-treatment. Improper care often spreads and intensifies the infection. While ringworm is rarely a serious health problem, it may open the way for other infections of the skin unless given proper medical attention.

## ANNOUNCEMENTS

AS OF JULY 16, 1964, I will be responsible for no debts other than those authorized by me.  
(3-4-5) Harry Wetmore

We wish to thank all our friends, neighbors, Strang's Funeral Home and all who helped for their kindness at the time of the death of our beloved husband and father, Mrs. Robert Pincombe and Family.  
(5)

To all my friends here, my thanks to you all in the most sincere manner, while I was in the hospital for the lovely cards, visits and gifts. And to Rev. Father Henderson and Rev. Father Hanley for their gift bestowed upon me. May God keep you all in the best of health is my wish to you. Thank you, my dears.  
May Peterson  
I am coming along nicely.  
(5)

We wish to thank the Antioch Fire department for their splendid work during our recent fire at 116 Timber Lane. The men worked so hard and yet so carefully that it is appreciated beyond measure.  
Mrs. Gladys Treleven  
Mr. Walter Treleven  
Mr. Donald Treleven  
(5)

I wish to thank the Antioch Rescue Squad, Dr. Thain, Patrolman Harold Mason, Rev. Henderson, Rev. Hanley, the nurses and staff at Victory Memorial Hospital, and my many friends for their gifts, cards and prayers during my recent stay at the hospital.  
Thanks again.  
(5) Helen Seidelmann

We want to thank all our friends for the lovely flowers, gifts and cards received during our stay in the hospital, and especially Jim Fields and Howard Shepard for the wonderful care taken of us in the Rescue Squad.

## Legal Notice

Notice is hereby given that on July 27, 1964, UNITED MOTOR COACH CO. filed with the Illinois Commerce Commission, Tariff MP-III C.C. No. 29 to become effective August 27, 1964 naming increased rates of five (5) cents in adult fares, and two and one-half (2 1/2) cents in student fares, and eliminating round trip fares. Ten (10) and twenty-five (25) ride commutation tickets will be increased proportionately to increase in adult fare and will be extended to all routes beginning at twenty-five (25) cent one-way fare in lieu of thirty (30) cent one-way fare. Further information may be obtained either directly from the offices of United Motor Coach Co. at 900 E. Northwest Highway, Des Plaines, Illinois, or at any United Motor Coach Co. station, or by addressing the Illinois Commerce Commission at Springfield, Illinois.

## NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN by the Board of Education of School District No. 34 in the County of Lake, State of Illinois, that a tentative budget for said School District for the fiscal year beginning July 1, 1964, will be on file and conveniently available to public inspection at The Antioch Grade School office 817 N. Main St., Antioch, Illinois in this school district from and after 9:00 o'clock A.M., on the first day of August, 1964.

Notice is further hereby given that a public hearing on said budget will be held at 7:30 o'clock P.M., on the 15th day of September, 1964, at The Antioch Grade School in this School District No. 34. Dated this 28th day of July, 1964.  
Board of Education of School District No. 34, in the County of Lake, State of Illinois.

PRIVATE POOLS  
You may get along swimmingly on the seashore and still end up an accident victim in your own pool. The Institute for Safer Living points out that with the steady increase of private swimming pools, home drowning accidents are also on the increase. Many of these victims are essentially non-swimmers who do not ordinarily go in the water at beaches or in public pools. It's best to learn to float and swim even if your bathing activities are limited to your own private pool. Small children should always be supervised in backyard pools.

## 18-Year Olds Must Register For Draft

A youth who fails to register with Selective Service on reaching age 18 is liable to be declared delinquent and ordered for immediate induction into the Armed Forces. This warning was issued today by John H. Hammack, Director of Selective Service for Illinois. Federal law requires all male citizens to register within five days after their 18th birthday. Aliens must register within six months after entering the United States. A man should register at the local board in the area of his permanent residence. If away from home he may register at any convenient board but should be sure to give his permanent address and his registration will then be assigned to his home board.
